About Caledonia

Caledonia is a self-managed investment trust company with net assets of £1.9bn. Our aim is to grow net assets and dividends paid to shareholders over the long term, whilst managing risk to mitigate the volatility of returns. We achieve this by investing in proven well-managed businesses that combine long term growth characteristics with an ability to deliver increasing levels of income. Our investments cover both listed and private markets in broadly equal proportions, a range of sectors and, in particular through our fund investments, a global reach.
