CALEDONIA
INVESTMENTS

Caledonia is one of the UK's largest investment trusts and is self-managed. We aim to be a core investment for those seeking a store of increasing value, by investing for the longer term in a range of assets.

Our ability to identify opportunities through our extensive network, invest in significant stakes and involve ourselves with the managements of investee companies underpins our investment approach, through which we seek to deliver both a long term shareholder return in excess of the FTSE All-Share Total Return and a positive total return over rolling five year periods, whilst maintaining a progressive annual dividend.

Review

During the month, we invested a total of £24.3m and realised £0.7m. We invested £12.9m for a minority stake in Retif, the private French company supplying shop fittings and equipment through over 100 stores in the UK and Europe. We invested a further £7.3m in Quintain Estates & Development, the UK listed property investment and development business, increasing our holding to 9.6%. In addition, we invested a total of £2.9m in fund drawdowns and £1.2m in other follow-on investments. During the month, we realised £0.7m from fund distributions.

Via a wholly-owned subsidiary, we purchased a fourth FTSE 250 index put option, to hedge a further part of our portfolio against potential weakening in the UK equity market over the next year, at a cost of £2.0m. Our aggregate investment at cost in such options is £8.0m.

For the duration of our close period from 1 October 2007 until 27 November 2007, the date planned for the announcement of our interim results, we have given an irrevocable instruction to our broker, JPMorgan Cazenove, to be prepared to purchase the company's shares on our behalf, within certain parameters.

At the end of the month, net liquidity totalled £36.1m.
