CALEDONIA
INVESTMENTS

Caledonia is one of the UK's largest investment trusts and is self-managed. We aim to be a core investment for those seeking a store of increasing value, by investing for the longer term in a range of assets.

Our ability to identify opportunities through our extensive network, invest in significant stakes and involve ourselves with the managements of investee companies underpins our investment approach, through which we seek to deliver both a long term shareholder return in excess of the FTSE All-Share Total Return and a positive total return over rolling five year periods, whilst maintaining a progressive annual dividend.

Review

During the month, we invested £0.9m, principally through fund drawdowns, and realised £2.0m, largely from fund distributions.

From 1 April 2010 until 18 May 2010, being the close period prior to the announcement of our annual results planned for 19 May 2010, we have given an irrevocable mandate to our broker, J.P. Morgan Securities, to purchase the company's shares on our behalf, within certain parameters. To date, no shares have been purchased under this mandate.

At the end of the month, net liquidity totalled £10.0m.
