About Caledonia

Caledonia is a self-managed investment trust with net assets of £1.3bn. We take significant holdings in listed equities, private companies and funds. We take a long term investment approach – often over ten years – and have a predominantly ‘value’ style of investing, providing development capital for growing companies at sensible prices. We have a global outlook with a spread of currencies and economic exposure.

Our investment approach is underpinned by our extensive network from which we derive proprietary deal flow. We often involve ourselves with the boards of investee companies and always approach investments with a co-operative and long term mindset.

We aim to be a core investment for those seeking capital growth coupled to an increasing income stream over the long term.

Review

During the month, we committed \$50m to a fund of funds managed by Flag Capital, investing in US middle and lower middle market private equity funds, of which an initial £5.2m (\$8m) was drawn down.

At the end of the month, we held cash of £100.5m.

From 1 April until 29 May 2013, being the close period before the release of our annual results planned for 30 May 2013, we have given an irrevocable mandate to Winterflood Securities to purchase the company's shares on our behalf, within certain parameters. During the month, 70,978 shares were purchased for cancellation under this mandate for a total amount of £1.3m.
