About Caledonia

Caledonia is a self-managed investment trust with net assets of £1.3bn. We take significant holdings in listed equities, private companies and funds. We take a long term investment approach – often over ten years – and have a predominantly ‘value’ style of investing, providing development capital for growing companies at sensible prices. We have a global outlook with a spread of currencies and economic exposure.

Our investment approach is underpinned by our extensive network from which we derive proprietary deal flow. We often involve ourselves with the boards of investee companies and always approach investments with a co-operative and long term mindset.

We aim to be a core investment for those seeking capital growth coupled to an increasing income stream over the long term.
